$1000 REWARD

Is offered as a guarantee that neither

Dr. Pierce's Favorite Prescription
NOR
Dr. Pierce's Golden Medical Discovery

contains alcohol, opium, or any harmful drug. Any one publishing false statements concerning their ingredients will be prosecuted. Doctor Pierce's Family Remedies are compounds of medicinal principles, scientifically extracted from native roots that cure the diseases for which they are recommended. They are medicines which have enjoyed the public confidence for over a third of a century. They are medicines not beverages, made to satisfy a craving for "booze."

"Golden Medical Discovery" regulates and invigorates stomach, liver and bowels, and cures dyspepsia, purifies the blood and tones up the system generally.

"Favorite Prescription" cures female weakness, irregularities, exhausting drains, painful periods and kindred ailments peculiar to women. Accept no substitute for these medicines, each of which has a record of marvelous cures. Substitution means selfishness on the part of the dealer who is looking for the greater profit on an inferior article.

"Our daughter who was attending college became very nervous and we were advised to try Dr. Pierce's Favorite Prescription," writes Mrs. M. C. Fox, of 57 E. Leonard St., Grand Rapids, Mich. "We did so and then you advised us to get the 'Golden Medical Discovery' also. She took four bottles of the 'Prescription' and three of the 'Golden Medical Discovery,' and you never saw such a change in a person. She said she did not feel like the same person. She was about seventeen years old at the time. I will gladly recommend Dr. Pierce's medicines to every one. I advise parents who have young daughters who suffer from nervous troubles to try Dr. Pierce's Favorite Prescription at once. I am sure it will help them."

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $30,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local imflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

Thief Hid in Package.

A thief who entered the Security Storage Company's warehouse, in New York, in an express package Thursday, was caught yesterday as he was about to leave the warehouse hidden in the same package along with $700 worth of stolen goods. On Thursday night he climbed out of his package, and after rifling the warehouse repacked himself and his plunder.

When caught yesterday he said his name was John Schmidt and told the story of his robbery. On Thursday afternoon at 4 o'clock two packing cases were taken to the company's warehouse at 211 Spring street. Schmidt was in one of them, which was fitted with spring locks so as to be opened from the inside. With him was a bottle of whisky, a set of burglar's tools and a dark lantern. The other box was used for packing his plunder.

Schmidt emerged Thursday night and ransacked the place and at 7 o'clock yesterday morning was safely repacked with the loot. An employe saw one of the boxes move unaccountably as it stood alone on the floor, and peeping through a knot hole in the top, observed the man's hat. He immediately smashed the packing case.

Five minutes later an expressman called for the two boxes which contained Schmidt and the stolen goods. The police went with the expressman to meet the man who sent him after the boxes.

This man, who gave the name of Robert Arnold, was found waiting at the Bowery and Second avenue and was arrested.

Bull Fight in Texas.

At the bull fight at Ciudad Jaurez near El Paso, Texas on Thursday, given for the American mining convention, there was a panic when Felix Robert, the French matador, who claims to be the only matador of that nationality, was tossed in the air and carried from the arena bruised and bleeding.

Later the same bull, a ferocious beast from the ranch of Gen Luis Terras, governor of Chihuahua, made a run and plunged its long sharp horns through Matador Francisco Alonzio Piquiro, tossing him into the air first, then dragging him about the ring, blood streaming from the wounds in the man's body.

The spectators sickened at the sight, and women fainted and screamed to be taken out. The arena was packed with Americans from every section of the United States, few of whom had ever seen a bull fight, and for a time the situation was serious. Many men rushed from the sickening sight in horror, while the women in many instances were carried out unconscious.

Order was finally restored, but most of the Americans left, deciding that they had already seen enough of the Mexican and Spanish national sport, although this was only the second bull up for slaughter out of the four marked for the matador's sword.

Suspicious of Austria.

A dispatch from Viennasays: Speaking of the naval demonstration against Turkey which a combined fleet of the powers will make in the event of the Sultan's continued refusal to accept the ultimatum of the powers on Macedonian reforms, a prominent diplomat said yesterday: The giving to an Austrian admiral (Admiral Ritter von Jedina) the command of the combined fleet is a dangerous honor, because Austria is being jealously watched by the powers, who will not permit her to reap any of the benefits, and nobody doubts that it is the ultimate intention of the powers to secure material advantages at the expense of Turkey. Germany would never for an instant permit Austrian aggrandizement, because Italy, in retaliation, would take steps leading to the breaking up of the triple alliance, and without the triple alliance Germany would be practically isolated in Europe. Germany and Italy are willing for Austria to bear the onus of the action against Turkey, but they are unanimous in the determination that she shall reap no reward, while Great Britain would gladly look upon any action tending to weaken the triple alliance. Turkey undoubtedly fully realizes the weakness of the proposed demonstration, owing to the jealousies of the powers, and, therefore, she is likely to prove obdurate."

No "Tinkle Tinkle."

For attempting to introduce in Portland, Ind., a popular fad, eight High School girls were suspended by the principal Thursday. When the young ladies climbed the stairs to the study room there was something that attracted the attention of the faculty and caused them to turn a sharp ear. "Tinkle, tinkle, tinkle," was the sound that came from the invisible somewhere. The principal never said "garter" once, but the eight pupils knew, by what he said that he was "wise." They were lined up and movements were required of them that would prove their guilt or innocence. The noise that followed these movements gave him their number, and the eight were suspended.

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no griping or no unpleasant effect. Sold by Gibson & Timberman and W. F. Creighton & Co.

Burns $15,000 as a Love Test.

Mrs. Charlotte M. Weightman, of Chicago, who recently brought suit against her husband for separate maintenance, yesterday told Judge Brentano that she believed that her husband had married her for money, and that she therefore threw money and securities valued at $15,000 into the stove and watched them burn. She afterward left her husband, and when she sought a reconciliation she was told not to enter the house again. A decree giving the woman $28 a month was given by the court.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at E. S. Leadbeater & Sons' drug store; price 50c.

Toys, Dolls, Games,

Fourth Floor.

Those who have seen the collection tell us that nowhere else is there such a large display of unusual toys and toys of exceptionally fine quality.

Thousands of dolls—men, women, children, and babies—representing every country in the world and every walk of life, from the king to the lowliest laborer. Our dressed dolls were all dressed by our own experts, and the toilettes evidence the styles of this and many past ages.

Among our imported dolls are two makes which our representative secured in Germany and which cannot be duplicated in this country.

One is of high-grade papier-mache, full ball-jointed, with moving eyes, sewed curly wig, bisque head, and beautiful, smiling face, showing pearly teeth. The height is 17 inches.

Special Value, 59c.

The other is considerably larger, being 22 inches high. It is made of the same fine materials, splendidly proportioned, the hair being finer and longer, and the face wonderfully lifelike and beautiful. This doll was made to our special order, in Germany, in such quantities that we are enabled to offer it as the best value ever put on the market.

Special Value, $1.00.

A splendid section of our toy department is partitioned or fenced off, making an extensive reservation, where a great Ferris wheel is the attraction. It is about 15 feet high. On the inner side are fastened fourteen fancy seats, in each of which are two or more dolls, and all enjoying a ride as the great wheel turns steadily over and over. It is run by electricity, and all the while a fine music box gives forth some sweet old melody.

In this same section are luncheon parties of dolls, most beautifully gowned, sitting at charmingly decorated tables, completely served.

An interesting corner shows a lovely Christmas tree, on which Santa Claus has already hung a wonderful lot of toys and candies. This tree has for its base a music box, which is constantly playing. It can be taken apart in sections and used Xmas after Xmas.

The collection of toys includes altogether too many to describe.

Purchases made now will be carefully stored and delivered at your convenience up to and including Xmas Eve.

A cordial invitation is extended to the children and the grown folks.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, NOV. 18, 1905.

THE CZAR of Russia must realize more vividly every day the mistake he made last January in not appearing before what were then his loyal subjects in St. Petersburg. He would have met the people that bloody Sunday had he acted according to his own will. But the influences of M. Pobiedonostseff and the grand ducal ring restrained him. So now he must suffer. So, too, must the Russian people suffer, as they are now suffering, not only in postponement of reforms, but in blood and flame. If the Czar last winter had given the people the little they asked all would probably have been well, but he refused the petitions of his people and they have gone in to take it themselves, as Sergius Witte warned the Czar they would do. With every true movement for liberty we must sympathize. But we must also sympathize with the effort to maintain legitimate government. We sympathized with the people when they were oppressed, but we could not sympathize with the bomb throwing nihilist in his deed of assassination. Today the Russian people should in good faith give the government a chance to work out its reforms, which it has not only promised but has also actually begun to put into operation. If Russia should accept simply the programme of reform now offered by the Czar it would be making more rapid progress toward complete emancipation than most people supposed it could ever make.

THE anti-Tammany men in New York are making all kinds of charges against that organization, which supported Mr. McClellan for mayor, saying that the election was secured through fraud, purchase, etc. Mr. McClellan in his affidavit as to the money he spent to secure his election shows that he did not spend a cent, while yesterday William R. Hearst, candidate for Mayor of New York on the Municipal Ownership ticket, certified to the Secretary of State that his total campaign expenses were $65,843. This breaks the record for such expenses, which was formerly held by Governor Higgins, who spent during the last State campaign $22,000. Mr. Hearst says that he contributed all but $17,488 of the $80,206 which was spent by the finance committee of the municipal ownership league for the benefit of the candidates on the ticket. This looks very like the Municipal League tried to purchase the election.

As an illustration of how freight rates affect the selling price of an article the following instance is cited: A soap factory in Cincinnati recently shipped ten carloads of soap to a wholesale house in New York. One hundred boxes of this soap were sold to a jobbing house in Pittsburg. The Pittsburg house sold a portion of it to a jobber in Clarksburg, West Virginia. These people, in turn, shipped some of it back to a retail dealer in Wheeling, through which town it had already passed to reach Pittsburg, and more of it to a retail dealer in a small town three miles from a railroad near Fairmont, West Virginia. And when the retailer got it, in each case he sold the soap for five cents a cake, which is the price at which it retails in Cincinnati the point where it is manufactured. Ultimately, some of this soap traveled 1400 miles and was handled in freight houses and in wagons about eight times before it finally reached the consumer.

THE doctors differ widely in their ideas concerning consumption. Some contend that it is not hereditary, others that it can be cured as easily as any other disease, while others entertain exactly opposite views and point to the ravages of the disease which have existed since the earliest history of the world. That the Frenchmen do not believe in the reported "cures" which from time to time are announced, is shown by the action of the French government which has given its approval to the plan of having the Parliament authorize a $200,000 prize for any one who shall discover a real cure for tuberculosis. This grows out of the discussions at the recent tuberculosis congress, and is expected greatly to stimulate research.

HARLEY W. FISHER a lawyer of Oil City, Pa., has filed a suit for divorce against his wife. His wife he alleges, has a violent temper, and on one occasion went about the house and turned the many pictures of members of his family toward the wall, and defied him to change them. Another of his complaints is that his wife made him eat bakers bread. She was a good baker herself, and knew that he liked her bread, but she refused to bake any for him. He says he had to get his own meals, pick his own strawberries and make his own bed. When his wife ordered him to sweep the floor he drew the line and filed his suit for divorce.

THE uncertainty of juries was fully exemplied yesterday evening when, in a suit to recover money paid for street paving, a verdict was rendered in favor of the city. The court, the attorneys on both sides and the spectators were all prepared to hear a verdict for the plaintiff, but the jurors took the view that as the work had been done and the property owner had received the benefit thereof, he could not get back the money which he had paid the city as his share of the work.

VICE-CONSUL CLOUD, of Hankau, China, has again expressed an opinion to the Department of Commerce and Labor that the boycott of American goods is all but terminated. No permanent setback will result, he says, especially if American merchants and manufacturers will wisely increase their efforts to extend American trade in China. The best way to extend American trade in China is for the American government to treat the Chinese as they do the people of all other countries.

From Washington.

Correspondence of the Alexandria Gazette.]
Washington, D. C., Nov. 18.

The advisory board of consulting engineers of the Panama canal does not expect to reach a decision as to the type of canal to be constructed until some time next week, at a meeting to be decided upon later. The members discussed the subject all morning and are again in secret session. The opinion is expressed by certain members that the preparation of the board's report to the President may not be completed before the departure of the foreign members, on November 28. In that case it will be sent to them for their signatures before being sent to the White House.

A semi-official announcement was made at the Treasury Department this afternoon that no special deposit of government funds would at this time be placed in reserve banks in New York city or elsewhere, in response to a demand of speculators that the financial situation needed immediate relief. It is stated at the Treasury Department that no difference of opinion exists and that there is no present need of interfering in the money market.

In his annual report Lieut. Gen. Adna R. Chaffee, chief of staff of the army, states that the army is underofficered for the duties required of it in time of peace. Should war occur, says Gen. Chaffee, the army would be in a decidedly crippled condition because of this defeat. General Chaffe recommends that Congress authorize that vacancies created in the line of the army by details to the general staff be filled by the promotion of officers from the lower grades.

The State Department is much concerned over the situation in Santo Domingo, as it has been reported by United States Minister Dawson. It is clear from the reports which have been constantly received from Minister Dawson that a State of unrest exists among a large part of the population of Santo Domingo and that troublous time which are likely to eventuate in a revolution are coming in the island.

Thomas Day, colored, aged 35 years, employed by a local coal dealer, attempted to drive under the big White House porch this morning on his wood wagon and was scraped from his seat by the low archway under the front porch. He broke his collar bone and the doctors believe his skull also may have been fractured. He was taken to a hospital. The President did not see the accident.

Lieutenant-Geneaal Chaffee, chief of staff, conferred with the President today relative to his retirement about February 1. He desires to take his family to California. This will enable the fulfillment of the programme to permit Generals Corbin and Bates to be heads of the army, before their retirement for age.

Spencer Eddy, the U. S. charge d'affairs at St. Petersburg, has reported to the State Department that all is quiet in that city this morning. This is taken here as an indication that the strike is subsiding and that Count Witte and the forces of law and order are getting the upper hand.

Secretary of the Navy Bonaparte today made public the three charges and their specifications preferred by him against Midshipman Minor Meriweather jr., who recently caused the death of Midshipman James R. Branch in a fiatic encounter at the Naval Academy. Midshipman Meriweather is to be tried at Annopolis, Md., next Wednesday. Not only the conduct of Midshipman Meriweather is to be tried by the court, but the entire cadet code of the Academy. The first charge is manslaughter. The second charge is violation of the third class of the Eighth Article of the Articles for the government of the navy and the third charge is conduct to the prejudice of good order and discipline.

The assistant secretary of war, General Oliver, today approved the resignation of First Lieut. Granville R. Fortescue, President Roosevelt's relative, whose name was dragged into the Taggart divorce scandal.

That some Germens are dog eaters would seem to be indicated by the report of statistics sent to the Department of Commerce and Labor by Consul-General Guenther, of Frankfort, Germany. During 1904, 1,177 dogs were slaughtered for food and inspected. Horse meat was in demand also, for 81,312 horses were slaughtered and also inspected. He continues that the figures show that the home supply of animals is subject to diseases, and it also shows the importance of proper inspection of animals slaughtered for human consumption.

U. S. Minister Squiers, at Havana, Cuba, reports that there were two deaths from yellow fever in that city yesterday, but that there were no more suspected cases.

Increased Price of Drugs.

In the suit of C. G. A. Loder against the National Association of Wholesale and Retail Druggists and the Philadelphia Association of Retail Druggists, before Judge Holland in the United States Circuit Court in Philadelphia yesterday, statistics were produced by counsel for the plaintiff to show that during the past six years the public has paid $16,000,000 in increased prices for drugs. Mr. Loder, who is a cut-rate druggist, is asking $100,000 damages for an alleged conspiracy on the part of the defendants to ruin his business.

Clayton F. Shoemaker, senior member of the wholesale drug firm of Shoemaker & Busch, had testified that to some extent his refusal to supply a cut-rate druggist was due to his sympathy for the small retailer.

Counsel for Mr. Loder then produced figures and asked him where was his sympathy for the consumers, who, the lawyer declared, had paid $16,000,000 more annually for medicine during the six years since the combination of wholesale druggists was effected. Mr. Shoemaker said he did not believe the figures.

News of the Day.

As a result of the last congressional election there are 93 democrats and 60 republican vacancies in the membership of the committees of the House of Represensentives.

Much of the testimony given before the Armstrong committee in New York yesterday related to large fees paid by insurance companies to lawyers and sums disbursed for checking unfavorable official action, while Senator Depew developed a very forgetful memory concerning names.

The case of Stuart Pierson, the Kenyon College Ohio, student who was run down by a train while being initiated into a Greek letter fraternity, has been sent to the grand jury, and Prosecutor Stillwell says that, while he thinks the young man was tied to the track, he believes it will be difficult to effect a conviction.

Frightened because the United States grand jury in Omaha was today to begin investigating its work, the Nebraska Grain Dealers' Association, composed of nearly all the dealers in grain in the State, and known as the grain trust, yesterday voted unanimously to disband. The association has been in existence fifteen years.

Fred Fleck, an old locomotive engineer of the Pennsylyania road, has received a letter from Andrew Carnegie inclosing a check for $1,000 to pay for a luncheon which Mr. Carnegie ate in Fleck's engine cab years ago, when he was riding with the engineer. Mr. Carnegie, it appears, was ravenously hungry and ate the contents of Fleck's dinner pail, allowing the engineer to go hungry. He has now paid for that meal.

Charges connected with the fight in which Midshipman James R. Branch received fatal injuries from Midshipman Minor Meriwether, jr., were served on the latter yesterday by Commander Adolph T. Marix, judge advocate of the court-martial, which will assemble at the Naval Academy at Annapolis on Wednesday next to try the case. There are three charges and four specifications, the most serious being manslaughter, which may carry a very severe penalty.

Couldn't Fleece Armour.

Charged with attempting to blackmail J. Ogden Armour and other members of the great packing firm of $40,000, in connection with the beef trust investigation, by means of letters which they are accused of stealing from the files of Armour & Co., William S. McSwain and William Cole, his brother-in-law, were arrested at the Auditorium Hotel, in Chicago, yesterday and held for trial.

McSwain was employed by Armour & Co. for four years as a stenographer. Three weeks ago McSwain went to Armour and threatened to turn the letters over to federal officers unless Armour paid $40,000. Mr. Armour refused to listen to the proposal. McSwain, it is alleged, made similar demands on other officers of Armour & Co.

With the hope of leading McSwain and his companion into a trap several meetings were held been McSwain and Attorney Rosenthal, of the packing company. "At each of these meetings," said Mr. Rosenthal, "the sum was gradually reduced until McSwain agreed to give up the letters for $15,000.

A meeting was arranged with him at the Auditorium Hotel, where, it was agreed, $10,000 should be paid him on the delivery of the letters and $5,000 a week later."

When McSwain and Cole appeared at the hotel yesterday they were arrested by detectives.

The President's Hunting Lodge.

President Roosevelt's hunting lodge in the woods near Scottsville, Albemarle county, Va., has been undergoing extensive repairs during the summer and is now about completed. Two large chimneys have been added to the house, with fireplaces above and below stairs. One of these, a huge affair, located on the ground floor, has been fitted up with all the necessary appliances for the head of the nation to prepare his own meals.

Another porch has been added to the rear of the building and more trees have been cleared away, affording an excellent view of the Blue Ridge Mountains.

Many wild turkeys, as many as 15 in one flock, have been observed enjoying life about the lodge of late. They have taken up their abode there in the absence of other occupants. It has been rumored that the President may shoot in the Virginia woods during the fall season, and if he does come he will find an abundance of game. The Virginia hunters will not molest the birds in the vicinity of the lodge lest the President should come and be disappointed. There is also an abundance of deer in the wilds, and the sedge fields are full of partridges.

Mrs. Astor Dines the Prince.

Prince Louis of Battenburg was entertained at dinner last night by Mrs. Astor, the recognized leader of society, at the Astor mansion, No. 842 Fifth avenue, New York. There were 79 guests, including Miss Alice Roosevelt, to meet the royal visitor. The dinner was served at two tables in the large black and gold dining room by Mrs. Astor's culinary staff without outside assistance. The gold dinner service, including platters, compotieres and covered dishes, was used. Through the dinner Victor Herbert's orchestra played in the drawing room.

Mrs. Astor's dining-room is paneled with rosewood, in which giant ovals of bronze are framed by laurel wreaths, delicately worked out in dull gold. These ovals are classic heads, admirably wrought. The room is lighted by eight side brackets, each bearing 36 incandescents, shaded with pink. The color scheme was pink and gold, the tables being ornamented with pink roses that nodded from vases of gold.

The famous ball-room, when not used for dancing, makes a stately reception room, and it was here that the men rejoined the ladies after her dinners, but, following the old custom, relies upon the conversation of her guests to provide the entertainment.

VIRGINIA BAPTISTS.

At yesterday's session of the eighty-second annual meeting of the Virginia Baptist General Association at Charlottesville, the report of the treasurer was read, and showed that collections from the churches for the year ended October 31 have been as follows: For State mission board, $32,076.75; Sunday school and Bible board, $6,902.82; education board, $10,007.84; foreign mission board, $39,311.55; home mission board, $19,396.67; ministers' relief fund, $4,378.68; the orphanage, $18,104.25; total, $130,178 56; disbursements, $123,519.87; balance on band, $6,658.69.

Dr. W. E. Hatcher introduced a number of new ministers who have located in Virginia within the past year, and thus become members of the association.

Dr. Edwin A. Alderman, president of the University of Virginia, delivered an address on education in Virginia, declaring that the university is the people's institution, belonging to all denominations and desires to work in harmony with and as a helper to all the church schools and colleges.

The report of the trustees of the Baptist Ministers' Relief Fund, of Virginia, showed the receipts for the year to be $4,378.68 or $893.42 more than last year; income from all sources, $5,783.85, or $406.41 more than last year; benefactions, $5,235, or $266 25 more than last year; disbursements to beneficiaries, $856.32 in excess of receipts from the churches. Seventy-three persons have been assisted during the past year and 10 new beneficiaries have been added.

The report of the Home Mission Board shows that nearly $20,000 has been collected and expended for home missions during the year.

The report of the Home Mission Board showed that over $20,000 had been expended during the year for home missions, an increase over the previous year of 10 per cent. The report takes strong grounds in favor of aiding the negroes, and recommends the taking of some earnest effort to train the negro mothers, that they may train their children for better service, not only in civil matters, but in religious matters.

At the afternoon session Dr. W. L. Pickard, of Lynchburg, delivered an address on the subject of religious periodicals.

At last night's session the Sunday school interests of the Southern Baptist Convention and the subject of state missions had the right of way.

Gov. Montague.

Governor Montague will, upon the expiration of his term as governor, become counsel for some of the great corporations of the country in which John D. Rockefeller has large interests.

This statement has not been authorized by the governor, but there are those who are close to him who have been talking of the matter, and the belief is general that he has received a most flattering offer to go to New York, and that he has accepted the offer. It is believed that his salary in the capacity of counsel for the corporations will be several times larger than that he received as governor.

Several weeks ago the governor made a trip to New York, spending a week at the home of Mr. John D. Rockefeller, with whom he has been acquainted for several years. The Standard Oil magnate was attracted by the governor's frankness and dignified manner, and it is believed that the trip to New York was made for the express purpose of talking over with Mr. Rockefeller the proposition then made.

The governor was very successful as a practitioner, and it is believed that his training and equipment, as well as his love for his profession, will easily win for him distinction as counsel for the corporations in New York. He is expected to leave Virginia about the first of the early spring.—[Richmond News Leader.

Vitriol-thrower in Baltimore.

The attention of the Baltimore police will be called to a crank of the Jack-the-Hugger type who has been throwing vitrol or some penetrating burning fluid at the ankles of girls who wear short skirts. Annie Adams, aged sixteen, and Margaret Cross aged fourteen, were on Thursday victims of the miscreant. The girls are not acquainted, though the burning fluid was thrown at each of them in nearly the same locality. Miss Cross, while out walking, felt a burning sensation on her right leg. Upon reaching her grandmother's home a few minutes later she found a part of her stocking burned away and a scar on her leg six inches long. A physician says it was caused by vitriol. The girl says she believes she was followed by a man of about forty years of age, whose actions were peculiar. Miss Adams wears a longer skirt than Margaret Cross, and she was surprised to find several holes burned in the back part of her skirt near the hem. The burns were evidently inflicted by some fluid.

Today's Telegraphic News

Accepted the Invitation.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Nov. 18.—Governor Montague has accepted an invitation to deliver the annual address before the Chamber of Commerce in New York on Tuesday night. This is the third time the Governor has been invited. He is also invited to speak before the Atlanta Chamber of Commerce next month and will probably go.

Conditions in Russia.

St. Petersburg, Nov. 18. A number of roughs tried to start an anti-Jew massacre early this morning. A crowd of them, armed with axes, gathered in Sennaya Square at 1:30 o'clock, and shouted: "Down with the Jews," "Death to all Jews," and the police hastily left the square fearing assassination. Word was sent to the military patrol, which soon arrived and dispersed the roughs.

St. Petersbutrg was enveloped in a dense fog during last night, and the rough element took advantage of the conditions to murder several persons. A number of shops on back streets were pillaged.

Conditions are improving in the city today, and it is hoped that the worst is over. The strike, which has threatened to lead to unlimited trouble for the government, is being brought to a close today, as predicted. The decision to call off the strike was reached at a mass meeting of workmen held this morning. The resumption of work will not be for good, however, as the meeting resolved to put in operation a system of spasmodic strikes by which they propose to stop all work in the city at frequent intervals until the government yields to the demands of the working classes.

At one meeting of workmen held today a speaker worked up the large crowd to a point of frenzy by calling down on the officials curses of every description, while solemnly making the signs of the cross as he spoke. He urged his hearers not to rely on the Czar, who, he declared, is practically a prisoner in his palace.

Since the determination reached at the meetings of workingmen to call off the strike, some efforts were made today by a few of the strikers to make the tie-up general. Delegations visited the banks and larger business houses calling on the clerks to engage in a strike to be maintained for three days. The agitators met with little success, however, in this attempt, as few of the clerks were willing to join in the movement. Many of the delegates selected by the strikers to call on the clerks were arrested.

The democratic union of constitutionalists, the majority of whose members are liberals, will hold a meeting tonight to discuss the present situation.

American Federation of Labor.

Pittsburg, Pa., Nov. 18.—President Gompers called the convention of the American Federation of Labor to order shortly after nine o'clock this morning. The first resolution recommended that the Federation extend to the suffering people of Russia their sympathy and condolence and that a certified check for $1,000 be forwarded by the Secretary of the Federation.

A substitute resolution extending sympathy and condolence to the Russians and congratulating the Russian strikers, but striking out the clause contributing the $1,000, was adopted.

The next resolution recommended that the Federation endorse the strike of the shirt waist and laundry workers of Troy N. Y., and an amendment was added recommending a contribution of $1,000 to assist the female strikers.

The resolution introduced by M. J. Ready of the telegraphers that the government have control of all telegraph companies was endorsed by the convention.

A resolution recommending all labor men to oppose the election of Senators and Congressmen who are known to be hostile to organized labor passed enthusiastically and was unanimously endorsed.

The delegates unanimously condemned the anti-scalping law this morning.

In a resolution offered it was recommended that the Federation give its influence to have the signing of contracts in buying steamboat tickets abolished.

A resolution introduced by Delegate Kane, advocated a national bureau of engraving for the government. It was adopted. A stir was created in the hall when a resolution was introduced by Victor T. Berger denouncing President Gompers for his intimacy with labor leaders and plutocrats. The resolution deplored the existing intimacy of President Gompers and the officials of the federation with labor leaders, not named, and plutocrats. Secretary Lannon happened to be in the chair when this resolution was read, and President Gompers said: "I prefer that my work shall stand as an answer to that accusation. I am satisfied to stand before the world without answering this reflection on my work and character. No, I will not answer it." The convention refused to consider the resolution. Following that came the Root committee on labor laws.

Football Games.

Boston, Nov. 18.—At 2 o'clock this afternoon in the stadium, Harvard and Dartmouth will do battle for the ball which is the prize of the victor in every football game. Both teams are in the best of condition and the indication are that the game beetween the two rivals will be one to attract the closest attention of the large crowd of Harvard and Dartmouth sympathizers, who will fill the stadium. Both teams are composed of men of weight and there is very little difference in the general or line averages of theeleven.

New Haven, Conn., Nov. 18.—The Yale and Princeton football teams will meet today. In the opinion of many and nearly all the the Yale adherents, Yale has all the advantage in the contest. It is estimated that there will be from 20,000 to 35,000 visitors in the city when the whistle blows for the play to begin at the field this afternoon.

Yale was ahead when this report closed.

Freight Trains Collide.

Cumberland, Md., Nov. 18.—An eastbound Baltimore & Ohio freight ran into a westbound freight at Rawlings, 11 miles west of here, this morning, killing brakeman C. V. Marks, and fireman Jeremiah Collins, and seriously scalding engineer McMany of Grafton. One engine and five cars were wrecked. Both tracks were blocked and Baltimore & Ohio passenger trains are being transferred around the wreck via the West Virginia Central.

Result of an Escapade.

Seneca, Ills., Nov. 18.—Sensational developments have followed the suicide of Mrs. Charles Shaw. This beautiful woman took her life November 1, after a clandestine trip to Chicago.

She had gone there with Mrs. Herbert Franklin, an intimate friend. It is alleged they met, in Chicago, L. J. Pfeffer and E. L. Griffith, business men in Seneca. Among the places visited was the Horse Show. After the return home, Mrs. Shaw brooded over her trip, and finally took poison, dying in her husband's arms.

Following her death, her husband and his brother sought the men involved, but both have disappeared. Now the names of other prominent persons are being brought into the affair. Mrs. Franklin will not discuss the affair further than to say that some of the charges are not true. Within a few hours after Mrs. Shaw's death, friends of Griffith told him that Shaw was looking for him with a shot gun. Mrs. Griffith, who a few days before had hired a lawyer and threatened divorce proceedings, helped her husband pack a few belongings and take the first train. The two are said to be in Colorado now. Pfeffer heard of Mrs. Show's death too and also of an expedition Franklin is said to have threatened. Before daylight he left town.

Turks Want Constitutional Government.

Constantinople, Nov. 18.—The Young Turkish party, inspired by the example of the Russian patriots, is taking steps to agitate for greater liberty throughout the Sultan's empire. Today proclamations were circulated through the instrumentality of this party demanding a constitutional government in Turkey. The proclamation calls on the Turks to follow the example of the Russian workingmen and revolt against the present absolutism of the government. The Sultan and members of his household at the Yildish Kiosk, the official residence of the ruler, are greatly alarmed, as this is the first indication that the Russian revolutionary infection has spread to Turkey. Numerous arrests have been made in connection with the circulation of the proclamation of the Young Turks in the effort to check the revolutionary movement at its inception.

The Battleship Virginia.

Newport News, Va., Nov. 18.—The new first class battleship Virginia, recently completed at the plant of the Newport News Shipbuilding and Dry Dock Company, sailed today at noon for Rockland, Me., where her official speed tests will be made. The vessel will be required to develop a speed of 19 knots an hour. The departure of the great fighter was the occasion for general salute of steam craft in the harbor, and thousands of persons lined the shores of the James river and Hampton Roads to participate in the demonstration. The trial tests is to be made next Tuesday and Wednesday.

Ghastly Sequel.

Bucharest, Nov. 18.—As a ghastly sequel of the recent bloody outbreaks and massacres in the Russian provinces at Bessarabia, in which so many persons, principally Jews, lost their lives, corpses of Jews are found constantly floating down the Pruth river, which divides Roumania from Bessarabia. Many of these bodies have been washed ashore and others have been taken from the water by Roumanians. Whenever the bodies are washed against the Bessarabian shore Cossacks throw them back into the river. Roumanians, however, have been kept busy taking the corpses from the water and buying them.

Baby Crushed to Death.

Newark, N. J., Nov. 18.—Mrs. George McCullough 242 First street, was crossing the Lackawanna railroad cut near First street, last night, and fell thirty feet to the bottom of the cut. She was carrying an eight months old son, whose life was crushed out by the fall. She broke several ribs, dislocated her shoulder, and is in the city hospital. A temporary bridge crossed the place where the woman fell until yesterday. It was there when she left home to visit her sister and had been removed before her return. She did not see, in the darkness that the span was gone and walked into space.

Sinking of Torpedo Boat.

Kiel, Germany, Nov. 18.—The torpedo boat S-12 collided with the German cruiser Undine late yesterday afternoon near the Buelk lighthouse. The torpedo boat sank and one officer and thirty-two men are missing. The sinking of the torpedo boat is the fourth to occur within a comparatively short time. On March 17, of last year, the British submarine A-5 sank and as the result of an explosion on February 16, last, three men were killed and 15 injured. The French submarine Farfadet went down near Tunis on July 6, and 13 men were lost.

Two Men Asphyxiated

Newark, N. J., Nov. 18.—Meyer and Samuel Rosenstein, brothers, of 13 Godwin street, Paterson, were asphyxiated at 211 Market street, Newark, today. They opened a small candy shop at the Newark address several days ago, and slept in the store. Gas escaping from a heater used to boil sugar and pop corn killed them. They were discovered just before death through passers-by smelling gas and breaking open the door.

Affairs in Finland.

Helsingfors, Nov. 18.—Baron Saltza, commander of the Russian troops in Finland, who was last night appointed temporary Governor-General by the Czar, replacing Prince Obolensky, assumed the duties of the office today. The students here have telegraphed the Union of Unions in St. Petersburg as follows: "We are grateful for your help in gaining our rights. Count upon us for a future fight for a free Russia."

Lawson Waives Examination.

Boston, Nov. 18.—Thomas W. Lawson for whose arrest on a charge of criminal libel brought by Clarence W. Barron, of the Boston News Bureau, a warrant was recently issued by Judge Wentworth, of the Municipal Court, appeared in court this morning, and through Attorney Hurlbut, his counsel, waived examination and was held in $3,000 bonds for his appearance in the higher court on December 4.

New York Stock Market.

New York, Nov. 18.—Aggressive buying was noted in a number of closely held issues during the first hour and caused sharp advances in the stocks in which most of the buying orders were concentrated. Nearly everything on the list made some gain in the early trading. London houses traded a moderate extent on both sides of the market.

Prices About 100 Years Ago.

A book, "Sketches of a Tour to the Western Country," published in Pittsburg in 1810, among other things, gives the following as the quotations prevailing at that time:

Brutality in Football.

At a reception given in his honor by the Society of the Alumni of Georgetown University Thursday night Rev. David Hillhouse Buel, the new president of the university, reiterated his statements condemning brutality in football and the prevalence of professionalism in many of the best known institutions of learning in the country. President Buel, who was introduced by Justice White, of the Supreme Court of the United States, said that it is unfortunate that the public too often judges of the strength of a college by its strength in the line of athletics, and that he wished to state his position regarding the new regulations in force at Georgetown. He deplored the practice of employing men to uphold the standing of any college in sport. He said Georgetown, in its fight for the purification of athletics, was setting an example before the schools of the whole country.

Five New Cardinals.

A definite list of the cardinals to be created at the consistory on December 11 was given out semi-officially in Rome last night. The list comprises five prelates—Monsignor Cagaino de Azevedo, majordomo of the Vatican; Archbishop Cavalcanti de Albuquerque, of Rio Janeiro; Archbishop Spinola, of Seville; Archbishop Samsas, of Erlau, Hungary, and Monsignor Cavallari, patriarch of Venice. The Pope succeeded so well in keeping the secret of his intention to honor his successor in the patriarchate of Venice that nobody, not even his intimates, suspected it, with the result that scores of other candidates were spoken of for the fifth red hat.

No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand, Herald
Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that they declared were entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Every Ounce You Eat.

Every ounce of food you eat that fails to digest does a pound of harm. It turns the entire meal into poison. This not only deprives the blood of the necessary tissue-building material, but it poisons it. Kodol Dyspepsia Cure is a perfect digestant. It digests the food regardless of the condition of the stomach. It allows that organ to rest and get strong again. Relieves Belching, Heart Burn, Sour Stomach, Indigestion, Palpitation of the Heart, etc. Sold by W. F. Creighton & Co., 401 King street.

The City Wins.

In the Circuit Court for this city yesterday, Judge Nicol presiding, the jury from Fairfax county returned a verdict for the city in the case of M. F. Ticer versus the City Council of Alexandria, a suit to recover money alleged to have been assessed against the plaintiff for street improvement without legal authority. As stated yesterday a number of witnesses were examined after which arguments were heard on the instructions. The following were granted:

"The Court instructs the jury that if they believe from the evidence that the plaintiff voluntarily paid the defendent the money sought to be recovered, with a full knowledge of all the facts and circumstances, but under a mistake of law, that then they must find for the defendant. A mistake of law consist in a person having a full knowledge of the facts but reaching an erroneous conclusion as to their legal effect.

"The Court instructs the jury that the assessment and levy of the tax upon the plaintiff's property by the City Council of Alexandria was illegal and void, and that the City Council or its officers had no authority of law to demand, collect or receive the same from the plaintiff, and if they shall believe from the evidence that the plaintiff paid the tax to prevent the seizure or sale of his property, stating at the time of the payment to the collecting officer that he would take measures to recover it back, they shall find for the plaintiff the full amount claimed in the declaration with interest thereon from the time of payment."

After further argument the case was given to the jury which in a short time returned a verdict in favor of the city.

A motion to set aside the verdict on the ground that it was contrary to the law and the evidence and for arrest of judgment and a new trial was made by counsel for the plaintiff and further consideration was set for today.

Under the instructions of the court and the verdict of the jury the property owners on King street who have not paid their street improvement tax (there are only two) cannot be made to do so, nor can the notes of those who gave them to the city for that tax be collected.

It is understood that it is the intention of the city to resist to the end the payment of any of those who endeavor to recover the money paid by them for the street improvements. The city takes the ground that the property owners received full benefit by said improvements for the money they paid and therefore will resist any and all attempts to recover.

This evening Judge Nicol overruled the motion for a new trial and refused to set aside the verdict rendered yesterday, or to grant a new trial. He said that as he considered his instructions proper and the jury having passed upon the case, he would decline to interfere. He granted a stay of execution for 30 days in order to give plaintiff time to prepare a bill of exceptions should he desire to do so.

Unveiling of Tablet.

A tablet to the memory of the late Rev. Henry C. Slaymaker, of this city, will be unveiled with special services in the Second Presbyterian Church tomorrow night. The collection will be for the purpose of paying freight upon the tablet and installing it in the new steamer "Lapsley," which is now being built at Renfrew, Scotland, and which it is expected, will be ready for shipment to Congo river by about the first of January. The Cheerful Givers, an organization of little girls, have made the money themselves and contributed it for this tablet. They have also provided money to furnish the cabin in which the tablet is to be placed, so that cabin will be peculiarly a memorial to Mr. Slaymaker and also a monument erected by the Alexandria church. The "Lapsley," it will be remembered, was wrecked two years ago this month.

Narrow Escape of Trains.

South bound passenger train No. 33 and north bound passenger train No. 38 had a narrow escape from collision last night at Tye River. No. 33 had, it is said, orders to pass No. 38 at Arrington, but, for some reason, went on to Tye River. The operator at Arrington, realizing what had been done, notified the operator at Tye River where the trains were stopped and a disastrous wreck averted.

Lieutenant Smith of the police force has returned from his vacation and is on duty again.

The Misses Parrott, at 810 Cameron street, who have been quite sick are improving.

It is understood that Rev. Dr. F. J. Brooke, who recently resigned as pastor of the Second Presbyterian Church in this city, will accept a call to Norfolk.

The Porto Rico Eagle, published at Ponce, states that it is the intention of Major W. F. Lippitt, formerly of Charlestown, W. Va., and who is well known in this city, to resign from the army at once. The doctor will remain in San Juan to continue his private practice and to look out for his private property interests in the island, which are quite extensive.

Mrs. M. A. Wood and Miss Melissa Hill have gone to Alabama to visit friends.

Bishop Randolph, of the diocese of Southern Virginia, is expected to preach in St. Paul's Church tomorrow night.

Real Widow Brown.

If you want to enjoy a good laugh, go and see "The Real Widow Brown" when she comes to town. She will appear at the Opera House, Tuesday, November 21. This lady is the leading character in one of the best farce comedies on the road. The play is and has been a great success wherever it has been produced, and it is safe to say its popularity will be duplicated here. Unlike the average farce comedy, this play possesses a decidedly amusing plot hinging ona case of mistaken identity. Its wit and jokes are refined and up to date and you do not have to sink a shaft to find them, but unlike the Klondyke, all the mental nuggets are found on the surface. In "The Real Widow Brown" you won't have to dig for laugh..

Aid for the Sufferers.

A committee of the Hebrew congregation of this city met last night for the purpose of taking further action in connection with the movement for the relief of distressed Jews. A number of contributions have been received for the sufferers. It was decided by the committee that the ministers of the various ecclesiastical denominations of the city be requested to call the attention of their congregations tomorrow to the urgent needs of the distressed Hebrews, many of whom are without the necessaries of life at the beginning winter. Contributions can be left with Messrs. M. Morris, F. Bendheim and M. Ruben.

Seaman Drowned.

Captain Miles, of the lighthouse tender Holly, whice arrived at Baltimore Thursday from Washington, reports the drowning in the Potomac river at 5:30 a. m. on Wednesday of Burleigh Watson, a seaman on his vessel. While lowering the port lifeboat at Lower Cedar Point a davit broke, throwing the man overboard. Captain Miles had the body dragged for, but was unable to recover it. The unfortunate man had been in the lighthouse service about 15 months, having been transferred from the tender Maple to the Holly. He was born at Fairmount, Somerset county, Maryland.

Sent on to Grand Jury.

The case of Sarah Haskins and Hughes King, both colored, who are suspected of complicity in the killing of Richard Mills, also colored, in the northeastern section of the city several weeks ago, came up in the Police Court this morning. Over twenty witnesses were examined. Justice Caton sent the man and woman on to the grand jury to answer the charge of murder.

Railroad Accident.

Passenger train No. 15, of the Southern Railway, which left this city at 4:52 yesterday evening, after reaching Charlottesville was placed upon a side track. It is said that the brakes had not been set and the cars ran down onto the main track and sidewiped a freight train, damaging cars of both trains. No one was hurt.

The Market.

There was no new feature to report in the market this morning. The supply of country produce was equal to that of last Saturday, and prices for most articles were unchanged. A number of rabbits were exposed for sale, and they were being held at 25a30 cents a piece. There was some dressed poultry on the benches, but the quotations were high.

Fined One Hundred Dollars.

The police occasionally apprehend certain persons who are engaged in the unlawful sale of cocaine. Officers Lyles and Garvey yesterday arrested a colored man named Charles Churchill, whom they charged with selling the narcotic. He was arraigned in the Police Court this morning when Justice Caton fined him $100.

Charter.

A charter has been granted to the Virginia Pyrites Company, the objects of which are to own and operate mines for pyrites ore, &c., in Virginia. The capital stock is $100,000 and all the incorporators are from Baltimore. Mr. J. R. Caton, of this city, is the attorney for the company.

The Old Steamer Kent.

The old steamer Kent, which has been lying in a dock between King and Prince street, during the past year, has been purchased by J. Dreifus & Co. The machinery is now being removed. The hull, it is said, will be purchased by certain parties and converted into a houseboat which is to be used on the Potomac.

Will Probated.

In the Corporation Court today the will of Sarah E. Hepburn was admitted to probate and Frank C. Hepburn qualified as executor. The deceased left her property, valued at about $1,200, to her husband, Frank C. Hepburn.

The Circuit Court for the City adjourned this evening for the term.

To Fight Consumption.

The officers, directors and many friends of the Virginia Sanitarium for Consumptives, including representative professional and business men from all sections of Virginia held an enthusiastic meeting at the Central State Hospital, in Dinwiddie county, three miles from Petersburg, Thursday. Dr. R. W. Martin, of Lynchburg, is president of the organization.

The committee will meet in Richmond next week. M. J. McCarthy, Congressman Lamb, Doctors Grandy, Plecker and Baugham, Rev. W. A. R. Goodwin, Messrs. C. T. Lassiter and Robert Gilliam and others spoke in earnest advocacy of the work of the sanitarium. Dr. Hawley Martin, president of the State Board of Health, said the board would co-operate with the society.

Boy Killed.

N. B. Kelly, a Norfolk newsboy, 7 years of age, was run down and killed yesterday by a beer wagon in Church street. The boy was riding on the rear of an ice wagon and jumped off in front of a trolley car, which knocked him down in front of a heavy laden wagon of the Consumers' Brewing Company. The wheels of the wagon passed over his body. He was carried to the St. Vincent Hospital, near by, in the arms of a passenger on the street car, but he died in half an hour. He was the son of Samuel Kelly, who was the leader of a disastrous street car strike in Norfolk four years ago, but who is in Richmond now. The motorman and conductor of the car and Samuel Mercer, the driver of the beer wagon, were arrested, but released on bonds.

Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At E. S. Leadbeater & Sons' drug store, price 50c and $1.00; guaranteed. Trial bottle free.

A LAXATIVE
Cough Syrup
THE NEW IDEA THE ORIGINAL

The Red Clover Blossom and the Honey Bee on Every Bottle.

"A Cold or a Cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard."

KENNEDY'S LAXATIVE HONEY AND TAR

Cures Colds by working them out of the system through a copious action of the bowels.
Cures Coughs by cleansing and strengthening the mucous membranes of the throat, chest, lungs and bronchial tubes.

For Croup, Whooping Cough, La Grippe, Influenza, Bronchitis, and all Coughs, Colds, Lung and Bronchial affections no remedy is equal to Kennedy's Laxative Honey and Tar. Children like it.

Put up in 25c, 50c and $1.00 bottles at the Laboratory of E. C. DeWitt & Co., Chicago, U. S. A.

A Bird in the Hand.

It is impossible to trace the earliest use of the proverb "A bird in the hand is worth two in the bush," which in various forms of expression is common to many countries.

In middle English we find phrases which have the same purport. Thus in Hille's "Commonplace Book" (1530) we find, "A byrde yn honde ys better than three in the wode," and in Rhode's "Babees' Book," also of early date, "A byrd in hand * * * is worth ten flye at large."

No doubt our modern version springs from these old saws, and it is possible that they may have originated in the quaint remonstrance of one Will Somers, a jester in the court of Henry VIII., to whom Lord Surrey, in gratitude for many a good turn, had given a kingfisher from his aviary. When Surrey sought to recover it, promising to replace it another day, the sapient jester is said to have declined, saying, "I prefer one bird in the hand to two in the bush!"

The Seven Sleepers of Ephesus.

The seven sleepers of Ephesus were Constantine, Dionysius, John, Maximian, Malchus, Martinian and Serapion, seven young men, converts to Christianity, who during the persecution of Christians under the Emperor Decius, A. D. 250, refused to bow before an idol set up by the emperor at Ephesus. The story goes that they fled to a cave in Mount Celion and that Decius, in his rage, ordered all caves in that mountain to be sealed up. Nothing was heard of them for 230 years, when they were discovered by some workmen who were digging foundations. Awaking from their long sleep, they offered coins of such antiquity that the attention of the authorities was attracted. They did not long survive and their bodies were taken for burial in a large stone coffin to St. Victor's church, Marseilles.

Strength of Treasury Notes.

A single treasury note measures three and one-eighth inches in width by seven and one-fourth inches in length. It will sustain, without breaking, lengthwise, a weight of forty-one pounds; crosswise, a weight of ninety-one pounds. The notes run four to a sheet, a sheet being eight and one-fourth inches wide by thirteen and one-half inches long. One of these sheets lengthwise will suspend 108 pounds and crosswise 177 pounds. It will be noted that a single note is capable of sustaining, crosswise, a weight of ninety-one pounds, which is twice the amount by nine pounds of the weight the note can sustain lengthwise, while, in the case of the sheet, the crosswise sheet lacks thirty-nine pounds of double the sustaining power of the lengthwise sheet.

Napoleon's First Cause, Mud.

That man is made of mud by spontaneous generation under the sun's heat was the deliberate opinion of Napoleon, first of the moderns, if General Gourgaud can be believed.

Referring to ancient civilizations in the east, Napoleon one day said to Gourgaud:

"All this leads me to think that the world is not so very old, at least, as inhabited by man, and within one or two thousand years I am disposed to accept the chronology appended to the sacred writings. I think that man was formed by the heat of the sun acting upon mud. Herodotus tells us that in his time the slime of the Nile changed into rats and that they could be seen in process of formation."

Cerberus' Three Heads.

The most famous of dogs is Cerberus, who watches the entrance to Tartarus. He has three heads, but Hercules dragged him to earth and Orpheus put him to sleep with his lyre. The original dog cakes were given to Cerberus by the sibyl who led Æneas through hell. They were made of flour and seasoned with poppies and honey. He must have been an opium fiend, as the celestial drug is made from poppies. A "sop to Cerberus" was one of these cakes given to the monster by Greeks and Romans as a bribe to let them in without molestation.

Chequers Inn Fire.

The Chequers inn at Slapstones, near Osmotherly, must be unique among English inns in one respect. It boasts of a fire which for more than a century has never been allowed to go out. The place is a quaint little building, to which many visitors resort on account of its never extinguished fire and the turf cakes baked upon its hearth. It has been in the occupation of one family for over 100 years.

Always on the Watch.

Children have ears like the very spies of nature itself—eyes that penetrate all subterfuge and pretense. It is good to set before them the loftiest ideals that have lived in human reality, but the best ideal of all has to be portrayed by parents in the realities of home life at home. When you are not watching and the children are—that is when the lessons are learned for life.

Caustic Whistler.

James MacNeill Whistler is said once to have confronted Oscar Wilde—at the height of the aesthetic movement—with Du Maurier, who was satirizing the Postlethwaites in Punch with all his might, and to have genially inquired, "Which of you two invented the other?"

Friendship of Books.

The first time I read an excellent book it is to me just as if I had gained a new friend; when I read over a book I have perused before it resembles the meeting with an old one.—Oliver Goldsmith.

In Greenland the candlefish is used as a lamp. It is about six inches long and burns for fifteen minutes.

But Few Are Free.

But few people are entirely free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy to use because it digests what you eat but because it also enables the digestive apparatus to assimilate and transform all foods into tissue-building blood. Kodol relieves sour stomach, heart burn, belching, and all forms of Indigestion. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and save his life. Best in the world for burns and sores. 25c at E. S. Leadbeater & Sons' drug store.

Herb W. Edwards Injured.

Herb W. Edwards, of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared. I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This liniment is for sale by Gibson & Timberman and W. F. Creighton & Co.

Nature Needs But Little.

Nature needs only a Little Early Riser now and then to keep the bowels clean, the liver active, and the system free from bile, headaches, constipation, etc. The famous little pills "Early Risers" are pleasant in effect and perfect in action. They never gripe or sicken, but tone and strengthen the liver and kidneys. Sold by W. F. Creighton & Co., 401 King street.
